

50/50 Weekly Draw

Lotto Licence # 22-10214500LT

How it Works

- Bidgood's Supermarket and Goulds Lions Club are partnering to bring you weekly 50/50 draws with proceeds being donated to local charities and fundraisers once per month. The lotto is set up so that 50% is rewarded to the winning member and 50% is given to the 50/50 Lotto committee to distribute to local charities.
- By purchasing your 50/50 you are contributing to multiple charities in the Goulds and St. Johns areas so don't forget to purchase your 50/50 weekly.
- Once you have your assigned 50/50 number come into the store every week to purchase (at any check out) your \$2 50/50 entry for the draw. **(Please allow 3-4 days processing before purchasing your 50/50 entry to ensure your number is processed and active in our POS system)**
- Every Monday we will draw a number and announce the winning number (Only). The draw will be live streamed on our Facebook page and the winning number for that week will be posted out in our main entrance after the draw. Note: If the store is closed on Monday the draw will take place the next business day.
- Winners will be contacted by Bidgood's via telephone/email to arrange prize pick up.
- If the winning member did not purchase a \$2 entry for that week, their number gets put back into the draw, the jackpot builds up, and we will draw again the following Monday. You must purchase your 50/50 every week (Sunday to Saturday) to be eligible of winning the jackpot amount drawn on Mondays.
- If you have a charity that would benefit from our 50/50 lotto, please drop by customer service counter (Lane 7) and obtain an application for funding.

RULES & REGULATIONS

- **These numbers are specifically assigned to one individual. The name filled out on the bottom portion of the membership form (given to us) or information emailed to us is the name used for that specific number. The Cheque for any winnings will be made out to the assigned name matching that number and no one else.**
- **You cannot purchase for other members and can only purchase 1 entry per calendar week (Sunday to Saturday).**
- **Must be 19 years of age to participate**
- **Member numbers become inactive after 9 months of no activity.**
- **The Jackpot must be paid out by end of Lotto License so the last Monday before license expires (Dec 2023) a Draw Showdown will take place meaning we will continue to draw a number until we come across a member who purchased an entry for that week.**
